

Plettac Cameras In Newcastle

Plettac security UK Ltd have a long standing history with Newcastle City Council originally supply FA85 2/3" Mono CCTV Cameras some 15 years ago, and one of the latest housing schemes to be installed is East-fields housing estate.

A number of plettac FAC940L-IR cameras on the roof tops of tower blocks in the area have recently been installed. These are combined with 12 -240mm zoom lenses and infra RED Illumination.

The cameras provide excellent day and night time images in conjunction with the infra-Red lighting illumination. The system comprises of a number of external Pan & Tilt cameras back up by fixed Anti Vandal type dome cameras, all these images are recorded on a Digital Video recording system providing excellent image reproduction.
