

# New Product Information from plettac

## Low Cost Range

.plettac Security UK Ltd has launched a new low cost range comprising of the following :-

- 1/3" Colour Cameras

- 1/3" Day / Night
- Anti vandal Domes
- All In One Camera
- Internal PTZ Domes
- Mini External PTZ Dome
- External PTZ Domes
- LCD Monitors
- Twisted pair Video Transmission equipment.
- Lower Cost Control Sys-

tems

- Digital Recording Systems

All these products have been fully evaluated by our excellent engineering staff at Rugby. The PTZ domes come in different lens combination of 18x, 26x & 36x all use the Sony ExView sensor, and all use the universally accepted Pelco D protocol,

also installed in the dome is Maxpro 2 wire RS485 telemetry.

DVR's are available from simple 4 channel systems to more complex systems of 16 inputs, record rates up to

400fps. The ability to control the DVR via a remote keyboard, means the DVR can be placed away in a secure area, the same keyboard is also capable of controlling telemetry to the SVD series of PTZ domes.

There are a range of monitors from 15" to 19" LCD, one variant of the 17" includes an 8 Channel DVR.
